Abstract Submission:	31/03/2011
Notification of Acceptance:	30/04/2011
Early Registration:	21/05/2011

The 9th International Conference on Data Envelopment Analysis (DEA 2011) is intended to bring together researchers and practitioners dealing with the development of DEA methodology and its hybrids and applications of DEA to performance management and measurement in both public and private sectors.

Theoretical and empirical papers on DEA, efficiency and productivity, or related fields are invited. There will also be

- A panel sessions on getting published by senior academics who have been or are Editors, Guest Editors or Associate Editors of relevant journals including: The Journal of Data Envelopment Analysis; The European Journal of Operational Research; The Journal of the Operational Research Society; The Journal of Productivity Analysis.
- A discussion panel on real life uses of DEA.
- Three plenary sessions by Professor Rajiv Banker, Professors Rolfe Fare and Shawna Grosskopf, and Professor Emmanuel Thanassoulis.

Publications:

Special issue of Journal of Data Envelopment Analysis (JDEA).

JDEA is the official journal of the International Data Envelopment Analysis Society.

Thessaloniki is Greece's second major economic, industrial, commercial and political centre, and a major transportation hub for the rest of south-eastern Europe. Thessaloniki is home to numerous notable monuments, including the Paleo-Christian and Byzantine monuments of Thessalonika, a UNESCO World Heritage Site.
